

## Agila® EasyLift®

Streamline your workflow and organize your workspace with a compact yet expandable supply unit. Simply Safe to Use. The Dräger Agila® EasyLift® is an expandable supply unit that is flexible and easy to use. In spite of its compact design, it is loaded with features that will help you simplify your workflow, improve safety, and increase your productivity.

It is a natural choice, because once your needs grow, the modular Agila EasyLift can grow with you.

### FAST, FLEXIBLE AND SAFE TO BETTER SUIT YOUR NEEDS

- Helps you improve workflow in a broad range of medical settings.
- Supply unit operation is fast, flexible, and user-friendly.
- Beautifully designed with the safety of your patients and your personnel in mind.

### FAST

- A totally new design concept allows effortless and controlled positioning anywhere within 2 to 3 seconds.
- Clear advantage in critical situations: there when you need it, gone when you don't.

### FLEXIBLE

- Perfect for an emergency or operating room, a diagnostics department or in an examination setting.
- Provides you with the organizational, storage and supply capabilities you need to streamline your workflow.
- The flexible design allows you to easily upgrade your supply unit from the huge selection of compatible Dräger Workstation Components.

### SAFE AND SIMPLE

- Equipped with a self-explanatory, simple handling concept so that personnel can familiarize themselves with the supply unit immediately.
- Rounded edges and corners help to improve safety and avoid injury in emergency situations.
- Time-tested, proven technology
- Smooth surfaces and easy positioning make cleaning and maintenance a snap.

MT-06-41-2007

**Agila EasyLift**  
Simply Safe to use.

**CUTTING THE CLUTTER**

- Avoids tangled cables that are potential safety and hygiene hazards.
- Provides ample internal storage space.
- Keeps potential dust magnets behind closed doors and out of your working environment.

**THE ART OF DESIGN**

- Made to help you work smoothly, safely and effectively – every day.
- Elegant German engineering, inspired by the philosophy: “form follows function”
- A perfect union of science and art – quality designed for a life time.

**UNIQUE SELLING POINTS**

**User Interface**

- Designed for simple operation by being self-explanatory.
- Lets you get on with more important things – like caring for your patients.

**Prepared for Infotainment**

- The innovative modular concept lets you combine up to two monitors with the supply unit for multimedia applications.
- Avoid the clutter or expense of a separate system.
